## Football

Rafa Benitez has been sacked by Everton. Rafa has only been there since June 2021. There have also been two big transfers in the Premier League. Philippe Coutinho has joined Aston Villa with former Liverpool teammate Steven Gerrard as his manager. Newcastle United have signed English right back Kieran Trippier from La Liga team Atletico Madrid.

## Tennis

In Australia, Novak Djokovic has been deported because he hasn't had his COVID vaccines; he is also supposed to play in the tennis tournament hosted there. He wants to come into Australia but they aren't letting him in because of his COVID vaccine. If he wants to enter he must get one if he wants to play there.

## Cricket

England have been playing for the ashes [the ashes are the ashes of a tennis ball from 1889 to 90] in Australia. They Lost 4-0 which is terrible for a team at their level.

# Reviews

**Molly Summerton** reviews a cult classic: Sweeney Todd.

---

## Sweeney Todd

Sweeney Todd is a fictional character who first appeared as the antagonist in the *Demon Barber of Fleet Street* in 1846-1847; it has been adapted into many other versions of the book over the years.

The plot line of the story is about Sweeney Todd who is a barber. He kills his victims and Mrs Lovett (his partner) turns them into pies which she then sells in her pie shop.

I would rate the version that I am reading 4.5 stars.
