

PRINCIPAL'S UPDATE

7TH JUNE 2024

Word of the week – Campaign

Worship Theme of the week – Pride month (June)

Core value of the week – Individual liberty

Biblical reference of the week – Psalm 139:14

Welcome back to our final term here at Eastgate. I hope you had a restful and enjoyable break. It's going to be an action-packed term with so many trips, visits and awards evenings to look forward to. In this term we will also receive our OFSTED judgments and report and we will share this with you as soon as we have it. Next week we are looking forward to welcoming our new Y7 cohort for their transition evening. The new build is moving along well, and I have visited this Friday and will be up there most weeks from now on.

We are working with the Parent Leadership Group and South Yorkshire Transport to give you all the information we can about bus routes and times for September than run from the interchange to areas near the new build. We will share these with you once they have been finalised.

We have enjoyed celebrating all week with every cohort regarding their Masters of Recall scores. Every year group scored on average well into the 80% region, further testament to the hard work and effort our wonderful children put in. Both Year 7 and Year 8 have been really focused and worked hard in their assessments this week and I know they will have done well.

All parents will receive their child's second report this term.

MASTERS OF RECALL

Here are some of the photos of children who were part of our Top 20, received their latest MoR badge and who achieved 160/160 in their quiz. Phenomenal achievements everyone! We are so proud of you – well done!

PREFECTS

We held an assembly with our founding cohort this week to launch our prefects initiative. Normally this would be something that would and will happen in Year 11. As we are moving into the new build, we want to commemorate this and have prefects from minute one.

All students in Year 9 can apply and staff will have votes on the candidates.

We will appoint 20 prefects and from this group we will then start a process to appoint a Head Boy and Head Girl and two deputies who will rotate over the next two years. I hope you will encourage and support your child to apply for what are the pinnacle leadership roles in the school.

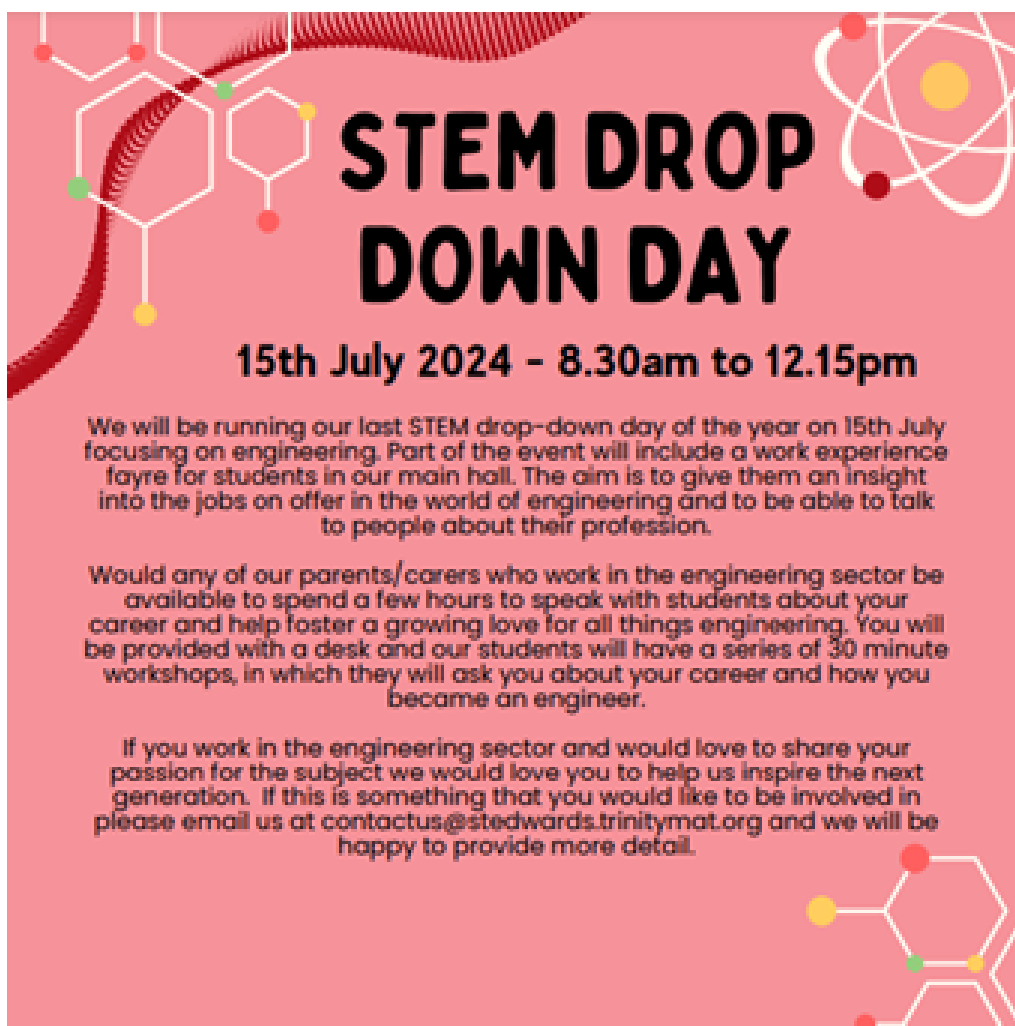

SPONSORSHIP

As we approach our awards evenings, like last year, we are giving any local businesses the chance to sponsor any of the events. Very kind donations last year enabled us to make the events that little bit more special and personalised for the children. If you are interested, or know a business that may well be, please use the contact us email address to register an interest.

STEM DROP DOWN - ENGINEERING

Our last STEM drop down day this year has a focus on engineering. Part of the day will be an 'Engineering Fayre'. We would like any parents who work in the engineering industry to be part of this event. It will mean speaking to a group of children on a carousel about the role, the qualifications and why you pursued the career. Please see the details above and how to let us know if you are interested.

STEM DROP DOWN DAY

15th July 2024 - 8.30am to 12.15pm

We will be running our last STEM drop-down day of the year on 15th July focusing on engineering. Part of the event will include a work experience fayre for students in our main hall. The aim is to give them an insight into the jobs on offer in the world of engineering and to be able to talk to people about their profession.

Would any of our parents/carers who work in the engineering sector be available to spend a few hours to speak with students about your career and help foster a growing love for all things engineering. You will be provided with a desk and our students will have a series of 30 minute workshops, in which they will ask you about your career and how you became an engineer.

If you work in the engineering sector and would love to share your passion for the subject we would love you to help us inspire the next generation. If this is something that you would like to be involved in please email us at contactus@stedwards.trinitymat.org and we will be happy to provide more detail.

ASSESSMENT WEEK YEAR 7 AND 8

All students in Year 7 and 8 have been a credit to themselves this week. The manner in which they have undertaken their assessments has been superb. Every lesson has been silent, children have been studious, and I know their hard work will pay off in their results. Staff will now be working hard over the next few weeks to mark these and feedback to the children.
